LAURETANA FORUM BIELLA

The structure was completed in February of 2009, after about two years of work, according to the latest standards for energy efficiency.

The inauguration took place February 25, 2009.

The new sports hall has a capacity of 5007 places, which in the case of concerts can reach up to about 7000.

It is the first in Italy built according to the rules laid down by the Decree Pisanu, the safety of the industry guests is guaranteed by the fence outside. Always according to the law Pisanu, there are seating directly on the sideline. The internal and external security to "Lauretana Forum Biella" is guaranteed by a control system of 32 cameras, which are continuously monitored both during and after the games by the Police of Biella and also by a private company.
